

Syed Farhan Ahmed

Bachelor's Degree Student (AI & ML)

[LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Dedicated Bachelor's degree student specializing in Artificial Intelligence and Machine Learning, with strong foundations in software development and problem solving. Experienced in building academic and personal projects using Python, Java, and web technologies. Demonstrated leadership as a mini-project team lead and active participant in college-level hackathons, aiming for an entry-level Software Development Engineer role.

TECHNICAL SKILLS

Programming Languages: Python, Java, JavaScript, PHP, C (basic)

Web Technologies: HTML, CSS, JavaScript

GUI Development: Tkinter

Tools & Platforms: Git, GitHub, Linux

Core Concepts: Data Structures, Problem Solving, OOP, Basics of AI & ML

EXPERIENCE

Student

Aug 2023 – Present

Atria Institute of Technology

India

- Pursuing Bachelor's degree in Artificial Intelligence and Machine Learning.
- Participated in multiple college-level hackathons, collaborating in team-based problem solving.
- Developed several mini-projects demonstrating practical application of programming concepts.
- Worked as Project Lead for a mini-project, coordinating tasks and ensuring timely completion.

PROJECTS

Digital Electronic Components Website

2024

PHP, CSS, JavaScript

- Developed a responsive web application displaying digital electronic components with images and pricing.
- Implemented dynamic content handling using PHP and client-side interactivity using JavaScript.

GUI-Based Python Quiz Game

2024

Python, Tkinter

- Built an interactive quiz application with a graphical user interface using Tkinter.
- Designed multiple-choice questions and real-time score evaluation.

Autonomous Robot Mini Project

2025

Embedded Systems, Team Project

- Collaborated in a team to design and develop an autonomous robot as part of an academic mini-project.
- Contributed to logic design, testing, and documentation.

EDUCATION

Atria Institute of Technology

India

Bachelor of Technology in Artificial Intelligence & Machine Learning

Aug 2023 – May 2027

Vision India PU College

India

XII (State Board)

Jan 2023 – May 2023

ACHIEVEMENTS

Created multiple academic and personal software projects showcasing innovation and technical skills.

Actively participated in hackathons and collaborative technical events at the college level.

INTERESTS

Artificial Intelligence and Machine Learning

Problem Solving and Algorithmic Challenges

Exploring New Software Technologies
